Gerstner Tool Chests

OAK STYLE

Art Leather Covered or Polished Wood Finish

TWO SIZES

This is a portable tool chest designed especially for pattern makers, cabinet makers, and machinists who carry a 24-inch scale. It is substantially constructed, yet is as light as possible without sacrifice of strength. Fitted with attractive trimmings and a comfortable, reinforced leather handle, it possesses all the distinguishing features of a Gerstner-built Tool Chest.

Gerstner Tool Chests

WALNUT STYLE

Art Leather Covered or Polished Wood Finish

TWO SIZES

This chest is our most popular and is built for the toolmaker and machinist who need the greater capacity provided by its many drawers. The upright drawer is for a drill block or machinist's handbook. Seven short and three long drawers, all felt lined, provide conveniences not found in any other chest. This is the favorite among men who want one of our roomiest as well as the finest chests.

Gerstner Tool Chests

DESCRIPTION

PRECISION-BUILT Gerstner Chests are made to give you the finest in tool protection, perfect ease in operation, and a life-time of satisfaction.

BUILT OF WOOD, Gerstner Chests resist the temperature changes that cause harmful condensation on costly tools.

WOOD cushions delicately adjusted tools, and soft felt drawer bottoms give further protection.

LOCKS on Gerstner Chests are rugged, long lasting. Top compartment chests have a self-locking device which automatically locks the front lid.

EASY OPERATION of all moving parts is assured by the careful choice of thoroughly seasoned, kiln-dried lumber.

LOCK-CORNERED and tongue-and-grooved joints fit precisely to give you a sturdy, durable chest.

DRAWERS are carefully hand-fitted to slide smoothly without binding. They are suspended on hardwood slides that last the life of the chest.

CRAFTSMANSHIP is built into every Gerstner Chest. It is the quality that makes you proud to own and use a chest with the Gerstner trademark.

JOINTS are snug fitting and permanent. Drawer fronts are beaded and all edges are neatly rounded.

ONLY CABINET WOODS, the finest, such as oak, mahogany, and walnut, are used in Gerstner Chests.

POLISHED WOOD CHESTS are varnished and hand rubbed. Art leather chests are neatly and attractively tooled.

WATCHFULNESS in each stage of manufacture makes every Gerstner Chest a pleasure to own and use.

Gerstner Tool Chests

SUPPORTING BASE—TWO SIZES

Used under a Gerstner Chest, this sturdy base with its 4″ drawer will accommodate heavy tools too bulky for the chest above it. Each base has a lock, nickeled hardware and is available in either of two finishes to match the chest.

For those who require a base which is larger, request information on our new styles WB62 and OB62.

COVERS FOR GERSTNER CHESTS

For those who like to keep their Gerstner Chests covered while not in use, we supply covers made from a serviceable vinyl plastic. These come in sizes to fit our chests shown on the other side of this page. When ordering, state style number of chest or give outside dimensions.
